Superintendent's Message

I am delighted to return to Monterey as the Superintendent of the Postgraduate School because I so highly value the work that is accomplished here. On the professional side, without question, the education that I received here as a student was excellent and assisted me a great deal in making the judgments that I had to render in future years. The function of the school is to assist the officers with their graduate education, instilling an excellence which will increase their capability to make significant contributions to the Navy or the Armed Service in which they are members.

At the same time, Monterey is a won-

derful area of the country and I would hope the opportunity will come during these studies to take as much time as you can to enjoy family endeavors, and to make friendships that will last throughout your careers. While readying yourself for future responsibilities you should have a sense of strong personal accomplishment and joyful memories of the many facets of Monterey life.

We want to provide you with an excellent education together with supporting activities that will meet these needs. My wife, Joyce, and I are glad to be aboard and look forward to our association with you at this fine school.

COMMISSIONED OFFICERS AND FACULTY CLUB

The Naval Postgraduate School Officers and Faculty Club is among the finest in the Navy. Its services are provided to all active duty officers of the Armed Forces, faculty members and other specific groups. Visa and MasterCard are accepted for package store, evening food services and El Prado Cocktail Lounge.

Continental Breakfast is available in El Rancho from 0700-1030 Monday through Friday. Breakfast for Essential Feeding is available in El Prado from 0645 to 0745 Monday through Friday and on Saturday from 0800-1000. Dinner is available Monday through Sunday in El Prado from 1700 to 2030. Lunch is available in El Rancho and Trident Room Monday through Friday 1100-1315. Sunday Brunch is served from 1000-1400.

Attractive rooms at the Club are available for private parties, and the Club will provide prepared menu selections for home parties. For details, call Catering Office at 372-0875 between 0900-1630 Monday through Saturday.

Welcome to Monterey! I'm sure that is not the first time you have heard that, nor the last! Your stay here will be different from any tour of duty you have had. Enjoy having your spouse home (at least in the same town!), the area of and around Monterey, the classes

and programs offered by the Officer Student Wives Club and the many wonderful things to do in the area!

My family and I arrived here a year ago from Charleston, SC. After a long, yet glorious two week trip across the United States, we were very happy to finally get to Monterey. We were anxious to find out what kind of housing we would receive, what Larry's schedule would be like, what there was to do in the area, etc.

Monterey met us with some disappointments, some pleasures and has given us mixed emotions. Our house is smaller than expected (only four closets!), the sun is more of a stranger than an everyday occurrence and there is no Pizza Hut! (Anyone know a great place to get a Chicago style pan pizza?!) The beautiful scenery along the coast, our wonderful neighbors, my work with *The Classmate*, meeting people from every branch of the ser-

vice and around the world are all unexpected pleasures.

Long study hours, rain for two months (January and February) and being a long way from home are all things that we face with mixed emotions. The long, necessary study hours are hard on both of us, yet we have both realized that we are in Monterey so Larry can go to school and those seemingly endless hours of "booking it" come hand in hand with a Masters in Electrical Engineering. The rain is hard to face during those long months, but come spring and the fabulous fresh produce and gorgeous scenery, it all seems bearable.

Once again, welcome to Monterey (I told you you'd hear it soon, didn't I?) Get involved, ignore the weather (it is possible!) and most of all, HAVE FUN!

What Do You Think? Best & Worst Of Monterey

We want to know! Tell us what you think is the best and worst of Monterey. The staff of *The Classmate* has put together this list of questions. Help us out! Write in what YOU think is the BEST and the WORST. Send your answers to *The Classmate*, SMC #2330, NPS. Your answers will be compiled and published in the November issue of *The Classmate*.

President's Message

by Mary Lou Pilnick

Welcome to all newly arrived wives from your newly elected OSWC President. Though my family and I arrived here just six months ago ourselves, we are not really newcomers, since this will be our second tour here. After completing a Master's here several years ago (despite the "distraction" of having our two sons at Fort Ord), four moves, three ships, and five deployments, here we are back for the Ph.D. program!

We had such fond memories of our first tour here, I could hardly wait to become even more involved in day-to-day activities with the wives who make all this "higher education" possible. Though most of us arrive in Monterey with rosy mental pictures of blissful "time-outs" from hectic military careers, and make plans for babies, trips, or cozy dinners at home during all the free time we expect with our husbands; the rude awakening strikes sometime in the first or second quarter — his clothes are in the closet, but his mind is at a computer terminal!

That profound revelation is what makes the OSWC such a necessary group. Though our spouses are not deployed overseas, we soon discover that we must, nonetheless, rely on our own resources much of the time. The OSWC provides a ready and eager group of friends who understand the special joys and stresses of NPS student life. Many of the friendships I made through the club have endured, even though we've all scattered to distant states and countries. NPS also offers a unique opportunity to get to know wives connected with other branches of service than our own, even other countries than our own! The OSWC can be a bridge to those friendships; a way of forming bonds with other wives in the context of committee work, crafts classes, tours of our beautiful area and other activities.

Membership in the OSWC provides some special ways to help you get the very most from your time here, including monthly issues of *Classmate* and *Pink Flyer*, and many special events. This term will be particularly exciting — we have plans for a "behind the scenes" tour of the Monterey Bay Aquarium (January 24), a winery tour and tasting at the lovely Chateau Julien in Carmel Valley (September 19), a pre-holiday shopping excursion to San Francisco (November 15), and lots more!

The monthly meetings of the Officer Student Wives Club are open to all members, providing an inside view of the workings of the club, a chance to contribute your own ideas, and often an opportunity to hear an interesting guest speaker as well.

I look forward to a busy and productive term, and I would appreciate any suggestions you may have to help make this a special time for us all.

My name is Ann Gaudig; I am your new Recording Secretary. I have a two year old daughter, Stephanie, and my husband, Jay, is here at NPS in the Acquisition Program Management Curriculum. I am from Portland, Oregon and Jay is from Rapid City, South Dakota. I attend Monterey Peninsula College and my interests include Child Development, sewing, singing and dancing.

I am looking forward to the next six months on the Executive Board and hope to serve you well.

Hello and welcome to Monterey! My husband, David, is in Underwater Acoustics, a subdivision of Weapons Engineering. We have three children: Jennifer, 6; Kathrine, 4; and Lance, 2. I am a former Navy dental technician and an oral surgery assistant. My hobbies include most craft ideas, sewing, ballet, gardening, and antique shopping. I am looking forward to making a lot of new friends through the Officer Student Wives Club. Please feel free to call on me at any time.

My duties as First Vice President include presiding over monthly meetings in the absence of the President, planning monthly functions, and advisor to the Curriculum Representatives.

Joyce was raised in New Hampshire and met her husband, Mike, while attending college there. She was actively involved in student activities, was elected to Who's Who Among Students in American Universities and Colleges and graduated with a Bachelor's degree in Interdisciplinary Studies. She postponed a career in entertainment programming management to raise their children, Jacilyn, 6, and Jason, 5. Joyce and her family enjoy hiking, camping and skiing and are international sponsors to NPS families from Indonesia and Germany. With both children in school this year, Joyce will fill the hours writing, gardening and attending OSWC classes and activities. She is active in Bible studies and choir through Christ the King Protestant Chapel at NPS.

My husband, Harald, and I left Norway in June last year, and our son, Christian, was born only weeks later. Our stay in Monterey means a convenient break from my job as an attorney and I believe the Bylaws of OSWC will be enough laws for me to handle along with our one-year-old!

I do my best at tennis. Harald and I also work with the International Committee.

I was an exchange student in South Dakota ten years ago. Monterey is quite different and beautiful and is providing me a second chance to enjoy the United States.

Hello. My name is Cathy Dunlevy. I am a native of Jacksonville, Florida, and am still anxiously awaiting "summer" in Monterey! I met my husband, Tim, when he was flying A-7's at Cecil field in Jax.

I am a graduate of Vanderbilt University, and am currently a practicing certified public accountant . . . which should help in my duties as Treasurer. These duties include maintaining all financial records, implementing a six-month budget, reporting the financial position at OSWC meetings, and preparing federal and state income tax returns.

My name is Ann Gaudig; I am your new Recording Secretary. I have a two year old daughter, Stephanie, and my husband, Jay, is here at NPS in the Acquisition Program Management Curriculum. I am from Portland, Oregon and Jay is from Rapid City, South Dakota. I attend Monterey Peninsula College and my interests include Child Development, sewing, singing and dancing.

I am looking forward to the next six months on the Executive Board and hope to serve you well.

OSWC MEMBERSHIP

The OSWC is the Officer Students' Wives' Club of the Naval Postgraduate School for the spouses of all students. In addition to sponsoring monthly activities such as luncheons, OSWC also sponsors the Art Auction, Adobe Tour, International Students' Wives Tea and many other Holiday events. Dues collected entitle you to member discounts as well as monthly Pink Flyers and the OSWC Directory. To obtain membership, fill out the form below and send it with a check made out to OSWC to: Helen Marie Putnam, 441 Monroe St., #3, Monterey, CA 93940. Phone 375-1084, SMC #2032. Dues: \$2 per quarter, minimum 4 quarters for new members/renewals (or remainder of duty stay).

Welcome To Monterey From The Curriculum Representatives

The Curriculum Representatives are a vital communication link from the Curriculum to the wives and to OSWC. Each curriculum has a volunteer who commits herself to representing her curriculum. The way the Curriculum Representative carries out her duties may differ slightly, but her main purpose is to be a personal point of contact for wives in her curriculum and create a "support" group. She will pass on information to the Section Leader's wives who, in turn, should be in contact with each wife in the section. The academic "section" is very comparable to a ship's wardroom or a pilot's squadron.

Curriculum Representatives will keep in contact with her curriculum office and pass on pertinent information to the wives and to OSWC. She will phone her Section Leader's wives monthly. She will have a welcome coffee with the new wives each quarter. She will write newsletters and encourage sections to communicate and "support" each other. There are many creative ways to get to know one another. In order to give NPS that "personal touch," we have had each of the Curriculum Representatives write a note of hello and welcome. If you have questions, call them! Remember: "BE-COME INVOLVED, NOT ISOLATED!"

*Administrative Sciences
Tami Iselin*

Hi, I am Tami Iselin and I will be your new Administrative Science Curriculum Representative beginning in June.

My husband Steve and I have two children: Michael, 3 and Maureen, 1. We arrived here in June 1985 from Great Lakes, Ill. We have been trying to see and do as much as possible while we are here in Monterey. It is a beautiful area and there are many things to keep us busy.

Before our tour in Ill. we were in New Hampshire, Guam, and Pt. Hueneme, Ca., so we have seen a few places.

If you have any questions or just want to chat, call me; my number is 649-6435.

OSWC Roster

W From The

The Curriculum Representatives are a vital communication link from the Curriculum to the wives and to OSWC. Each curriculum has a volunteer who commits herself to representing her curriculum. The way the Curriculum Representative carries out her duties may differ slightly, but her main purpose is to be a personal point of contact for wives in her curriculum and create a "support" group. She will pass on information to the Section Leader's wives who, in turn, should be in contact with each wife in the section. The academic "section" is very comparable. She is responsible for supplying information to OSWC.

Exchange - NPS - Acts as liaison between OSWC and the Naval Postgraduate School's Exchange. Attends the Exchange Advisory Meeting and reports back to the Governing Board.

Health Care - Ft. Ord - Acts as liaison for OSWC to Consumer Health Council. Attends Council meetings and relays information to OSWC Governing Board.

Health Care - POM - Acts as liaison for OSWC to Consumer Health Council. Attends Council meetings and relays information to OSWC Governing Board.

La Mesa Housing - Acts as liaison between La Mesa residents and the Housing Office.

Navy Birthday Ball - Should be appointed in February and will bridge two terms. Responsible for planning the annual Navy Birthday Ball held in October of each year.

Navy Relief - Represents the Navy Relief Society on the OSWC Governing Board. Keeps members informed of Navy Relief activities.

Emergency Action Program

The Emergency Action Program was instituted at the April 1983 Governing Board Meeting of the Officer Students' Wives Club. Its purpose is to help minimize the impact of a crisis (severe illness, hospitalization, or death) on students' families at the Naval Postgraduate School. This program uses volunteer assistance in three areas of basic needs: child care, meals, and transportation. While this OSWC program is an emergency action, it is intended to be short term

pending other arrangements. It is not a solution but rather aid and comfort from one family to another. Since its implementation, the program has been used successfully and will continue to serve NPS families.

To continue this service, we need volunteers in all three areas of basic need and invite you to sign up for one or all three. OSWC assistance will be coordinated with any given through the Chaplain's office.

If you have already signed up to help

us, please accept our thanks. If you are interested in being a volunteer, wish to change the area(s) in which you have volunteered or no longer wish to take part in the Emergency Action Program, please contact Else Haakan-son at 646-8665 or fill in the form below and send it to SMC #1177, Naval Post-graduate School.

News from the Commissary

The OSWC Commissary Liaison has a non-voting seat on the Ft. Ord Commissary Advisory Committee. This liaison is designated to receive both complaints and compliments about the Ft. Ord Commissary and to pass them on to the committee which is headed by Col. Tony Johnson, Director of Logistics at Ft. Ord. The committee meets quarterly.

The third quarter meeting of the Ft. Ord Commissary Advisory Committee was held on July 23, 1986 in the Gold Room of the NCO Club at Fort Ord at

9 am. The following items were discussed:

— A new order form has been designed for use in the express lane of the service deli. Patrons should fill out the form denoting the selection and style of items desired. When the form is completed, turn it in to the express lane, and your items will be prepared for you while you shop. Return when you finish shopping to pick them up.

— A Plan-o-Gram of the Commissary is now available at the Cashier's window to aid shoppers in planning their shopping trips. The plan details the items available on the Commissary shelves and denotes the one-way aisles (see attached).

— The Meat Department has acquired a new slicer which is routinely available to do custom slicing on meat department and prepackaged items like hams.

— General Harrison of Ft. Ord is spearheading the effort to open the Commissary for seven-day operation. The seven-day opening is now planned for second quarter FY 87 (Jan.-Mar. 1987).

— The multi-million dollar Commissary expansion will take place in phases throughout 1987. It will include the addition of new warehouse space, the conversion of the current dairy warehouse space to shopping area, and the addition of two more cash registers.

— The Single Soldier Section is currently under scrutiny to determine its usefulness to the single soldier. Please refer questions or comments to the Commissary Liaison or Commissary Officer.

The new Commissary Liaison by OSWC is Cathy Dunlevy. She can be reached at 373-3965.

Exchange News

The OSWC Exchange Liaison sits on the steering committees of both the NEX and AAFES Exchanges locally. Both committees meet bimonthly to discuss customer issues pertaining to the respective exchange. The Navy Exchange Mystery Shoppers work in conjunction with the Exchange Liaison. If you are interested in becoming a Mystery Shopper, contact the Exchange Liaison.

The Navy Exchange is currently looking for new employees who desire part-time work in the Exchange or one of the Exchange activities associated with NPS: Bookstore, La Mesa Village Store, Main Exchange. New employees can expect 15-20 hours per week

on a steady or rotating schedule. Interested persons can apply to the Exchange Office. Being an Exchange employee is one way to ensure good service and good merchandise selection in the Exchange.

The Exchange Officer's Office has been moved from Herrmann Hall to the remodeled section of the old Exchange (across the street from the Main Exchange). The remainder of the old Exchange is occupied by the Navy Relief Thrift Shop and the new Toyland which will open in September.

The new Exchange Liaison is Cathy Dunlevy. Her telephone number is: 373-3965.

Attention All New Or Expectant Mothers

If you are an active, associate or honorary member of OSWC and are expecting a baby during your tour at the Naval Postgraduate School, you are entitled to receive a special birth certificate (blue for boys and pink for girls) from OSWC and to have an announcement printed in *The Classmate*. This gift also applies if you are an OSWC member and have had a baby born in Monterey within the last six months.

In addition, all active and associate OSWC members will receive a gift – a calligraphied verse matted with your baby's name and birthdate on it.

When you have your baby, please notify Terri Potts Smith at 646-8254 or SMC #2970 with information about the birth. If calling to advise us of the birth of a neighbor's baby, please advise us of the correct spelling of the parents' names, and the baby's name, birthdate and weight.

An Interview with Joyce Austin

by Sunny Evans

Her Husband, Formerly an NPS Student, Has Returned as the NPS Superintendent

Despite being in the midst of unpacking boxes and settling into her new home, Mrs. Joyce Austin graciously agreed to an interview with *The Classmate*. Mrs. Austin is a veteran Navy wife and a lovely lady who has raised four children, moved more frequently than most of us would care to and who views the Navy lifestyle with optimism and as an opportunity to experience personal growth. Mrs. Austin spent the past four years in Memphis, Tennessee, where her husband, Rear Admiral Robert C. Austin, was Chief of Naval Technical Training. Mrs. Austin previously lived in Monterey when her husband was a student at NPS, and now, after a number of years, she has returned as her husband assumes his new role as Superintendent of the Naval Postgraduate School.

Would you please tell a bit about yourself and your family?

I was born and spent my growing-up years in one home – in one city, Nor-

folk, Virginia. Until I entered Madison College, today known as James Madison University, in Harrisonburg, Virginia, I had travelled very little. After graduating, I taught at Blair Jr. High School in Norfolk and it was during this time that I became reacquainted with an old high school classmate, and subsequently married, LT(j.g.) Bob Austin. Bob was assigned to the Destroyer NOA but soon after our engagement was announced, he left to enter Submarine School in Groton, Connecticut. We were married at midterm in 1957 and since then have made 15 moves.

We have four children: Susan, 28, lives in Shelton, Connecticut, and she is a school teacher, teaching math in New Canaan; Jim, 27, is a young accountant and lives in Ledyard, Connecticut; Rob, 23, was born at Ft. Ord when Bob was a student at postgraduate school. Robbie is a mechanical engineering student at Memphis State University; and, CeCe (Cecelia) is our

youngest, 22. She will be returning to Memphis this fall.

Where do you call home and do you maintain a house somewhere?

We bought a home in Mt. Vernon, Virginia, and did keep that house, but I would not say that will be our home upon retirement. I feel like we have had homes all over the country, mostly on the east coast. I really could not tell you because we have not even seriously talked about where we want to live when the time comes for retirement.

When your husband was at NPS, did you live in La Mesa and did you enjoy your tour here?

No, we did not live in La Mesa. We owned a house in Marina. We really looked upon the assignment here at the postgraduate school as being a favorite for years. It was just so wonderful to have a husband home and available. **Have you and your husband had many separations since he was a student at NPS?**

Upon leaving Monterey, we went to Norfolk, Virginia where my husband was an executive officer of the submarine USS Grampus, and it was after that tour that he attended Nuclear Power School. Following Nuclear Power School, he was assigned to the USS Triton, and then another executive officer tour on the USS John Adams. I would say that the longest time he was ever at sea was four months. Then he had command of the USS Finback. So yes, he has spent a good number of years at sea.

What has helped you cope with the separations in the Navy life?

I have never looked at my life as a Navy wife as being something to cope with. You can say patriotism and pride

in my husband have overshadowed any of the hardships and inconveniences. We are faced with problems that must be solved, and it is hard to do without the benefit of a husband or partner. It is also frightening to sit beside a sick child through the night alone, but I just have never felt that I could not handle these things. The separations, while our men are at sea, no one ever relishes, but you do learn to make the most of it.

What changes have you seen take place in the role of the military wife through the years?

I think the biggest change would be that now it seems more wives go out into the world to work. That is probably the biggest change I can recall at this point.

Do you think that works toward the positive or negative?

It can be very positive because I do think that a wife should do things that are self-satisfying, whether that is teaching, nursing, going to school, club work or whatever. Doing things that are satisfying will make her more fulfilled.

Did you ever work outside the home?

No, I never have worked outside the home other than in a volunteer capacity.

Do you have any particular interests or hobbies?

I enjoy cooking and collecting cookbooks. Gardening. I love arranging flowers when I have time to do it properly. I enjoy an occasional game of bridge. Those are probably my favorite things to do. We both enjoy musicals and plays.

Do you share any other hobbies with your husband?

Well, he plays squash. That's his hobby. I have never tried the sport.

You're not golfers?

No, were not. We should have been golfers because we lived on a golf course in Memphis, and now we are very close to some of the most beautiful and famous golf courses in the world.

... One of the joys of service life for me has been the many deep and lasting friendships and great neighbors we have had ... it is the people that make it so great ...

Of all the places you have lived, which are your favorites?

Oh, that's a hard one. We have enjoyed each place that we have been for different reasons, but I guess one of the joys of service life for me has been the many deep and lasting friendships and great neighbors we have had. As I said, we enjoyed Monterey. We loved living in Memphis while Bob was Chief of Naval Technical Training. We enjoyed Charleston and still retain wonderful friends there. Of course, we enjoyed Norfolk because we have a big family there. I really cannot say one or two because it is the people that make it so great.

Have you been active in wives' clubs or other organizations?

Yes, I have always participated in activities of the wives and wives' clubs. I would say that I enjoy participation, and I think the comraderie that you find with the other gals results in lasting friendships that I think are very valuable. I am interested in Navy Relief, Family Services and the USO because they do wonderful work. I intend to get involved to some degree as time will allow.

Do you have any specific goals while you are in Monterey?

I would like to try my hand at watercolors. For years, I have always wanted to do that, and I think this might be the perfect place for that. I have a box of recipes that need to be filed. For years, I have thrown clippings in a box and for years I have said that I have to do something about this. I also have photographs for the past 15 or 20 years that need a lot of attention. So, those are things I hope to accomplish.

In conclusion, is there anything you would like to add?

I had mentioned to you that this was an ideal place for a couple to enjoy the family again, and I would say that the husbands are no longer at sea but they are available. It is a wonderful time to play catch up and a wonderful time to recharge the batteries and just to enjoy every day. That's what I intend to do.

Each session will address the day's collection of questions through critique, discussion, demonstrations, and studio practice. Group process and mutual support allows development of constructive methods. Possible topics: color, composition, perspective, selection of materials or subject. Class fee: \$12 per session.

Early Parenting – Barbara Dickinson (375-2587). Come and meet other moms with babies and learn about infant stimulation, nutrition, crying and other aspects of development during the first year. Class fee: \$5.

Exercise Class – Donna Staniec (373-6626). Exercising shouldn't "cost an arm and a leg", just a few inches from them. Tuesday and Wednesday 7:15-8:15 p.m. Racquetball court #1, NPS Gym. Suggested donation: \$1.

Exercise Co-op – Melissa Long (375-2117) or Carla Myers (375-1180). Did you know that there is a free exercise class? Children are welcome to come with their mothers. Tired of worrying about sitters and tight clothes? Here's your chance. Come try us. What do you have to lose? MWF 9:15-10:15 am. NPS Gym Basketball Court.

Introductory Horseback Riding (English) – Jayne Davili (373-7729). Learn fundamentals of horseback riding at neighboring Cypress Stables (550 Aguajito Rd.). Class to include basic care of horse and equipment, development of position, balance, and control of the horse. It's surprisingly good exercise too!! Consists of eight one-hour lessons. Class fee: \$100.

Ikebana – Suzi Miller (372-4189). Learn to arrange flowers in the classic style of Ichiyo Ikebana from an internationally licensed instructor. Three semesters cover beginning, intermediate and advanced design. Certificates awarded. Classes one hour weekly. Class fee: \$25/month.

Needlepoint – Sally Dewey (624-2250). Basic and intermediate classes offered. Some supplies necessary. Class fee: \$22.50.

Piano – Kazuko Mockett (624-9596). I have been teaching in La Mesa

Village for the past five years, and now I have little friends all around the world! I will teach in your home or mine. Class fee: \$9.

Piano – Nathalie Plotkin (373-5671). Piano lessons, children and adults, all levels, your house or mine. Class fee: \$7.50/half hour.

Polynesian Dance – Paula Claussen (625-3048). Learn the romantic Hawaiian hula of today, the ancient hula of old Hawaii and the vibrant dances of the Tahitian Isles. Will keep you supple and provide great aerobic exercises. Class fee: \$10/month or \$20/10 wk. semester.

Private Art Instruction – Don Mathews (373-7809). We meet in my Monterey studio/home or your home and design a program to meet your specific needs. Typically when we meet I review your work, give instruction, and provide demonstration as required. Class fee: \$12/hour.

Scherenschnitte (German Scissor Cutting) – Connie Frostenson (375-1876). Discover the satisfaction of creating your own scissor cutting reminiscent of the old German art of Scherenschnitte. In one two-hour class, you will complete two cuttings suitable for framing while learning techniques for creating your own Scherenschnitte. Class Fee: \$8.

Smocking from Start to Finish – Linda Shiver (375-6651). Beginning through advanced English smocking, including fabric and floss selection, garment construction, and fine finishing touches. One class per week for six weeks. Class fee: \$35.

Spinning – Janis Mineart (375-7487). A six-week course designed to teach you to use the spinning wheel to spin wool into yarn. By the end of the course, you will have created your own skeins of unique yarn. Equipment and wool will be provided. Class fee: \$25.

Stenciling – Carlita Wimberly (373-6651). A three-hour class in which students will learn the folk art of stenciling. The class includes a brief history of stenciling, paint mixing, stencil cutting, and stenciling techniques and application. Students must bring a 8" x 11" piece of glass and an exacto knife. All other materials provided. Class fee: \$10.

Super Easy Stenciling – Connie Frostenson (375-1876). Learn how to personalize your home fast and inexpensively. In this two-hour class learn the short cuts to stenciling safely in your home with acrylic paints. Class fee: \$10.

Military Bases Offer Selection of Child Care and Preschools

by Kathy Willson

Child care centers and preschools are located at the Naval Postgraduate School, Presidio and Fort Ord. Dependents can be enrolled in any of the programs regardless of sponsor's military origin. Waiting lists and availability vary with the organization and with the age of the child. Child care centers have different policies concerning walk-ins, snack and payment schedules. While a parent may prefer to visit each facility, the following will provide some information about the different programs:

Naval Postgraduate School

There are two preschools and one child care center sponsored by the Recreation Department of NPS. The Navy Nursery School, also known as the Navy Annex Nursery School, is located on Airport Road next to the Fleet Numerical Center. The NPS Preschool and the Child Care Center of NPS are on campus at Bldg. 238 near the gymnasium.

The Navy Nursery School is a preschool for children ages three to five years whose parents are employees of NPS or are military. This developmental program provides a number of activities and structured class times. Activities are planned so that each child can participate in: playing with large and small manipulative materials, painting, crafts, music, movement, na-

ture study, dramatic play, housekeeping, story time and outdoor play. The curriculum covers concepts, language arts, math, reading and writing readiness activities. Children are assigned according to ages and have a 10:1 student:teacher ratio.

There is a six-to-nine-month waiting list. Children may be placed on the list by phone or by mail before the family arrives, or before the child turns three. New students are accepted as vacancies occur, usually at NPS quarter breaks. Mrs. Vernes, the director, feels the success of the program is due to the strong support and involvement of the parents. A Parent Advisory Council is elected each new term.

Children may attend the morning

session from 9-12 am, or the afternoon session from 12:30-3 pm. Rates are: \$35 monthly for two days, \$45 monthly

for three days, and \$75 monthly for five days. There is a \$25 registration fee per child. The current session began Aug. 25. Mrs. Vernes can be contacted at 646-3487.

The NPS Preschool is available for three-to-five-year-old children of employees of NPS and all military. The purpose of the program is to prepare the child both intellectually and socially for kindergarten. Perceptual, reasoning and language skills are improved by structured activities and outdoor playtime. The curriculum includes coloring, crafts, stories, educational games and music. The four-year-old section promotes beginning phonetics and reading readiness in a relaxed setting.

Starting in September and ending mid-June, morning sessions are 9:30-12, afternoons 1-3. There are no more than twelve students to a class. Three-year-old children attend Tuesday and Thursday for \$35 a month. Four-year-

olds may attend Monday, Wednesday and Friday for \$45 per month or five days a week for \$75 each month. Children may be automatically transferred to the Child Care Center if reservations have been made. Mrs. Mull is the director of the preschool and child care center. She can be reached at 646-2734.

The NPS Child Care Center provides supervision for children ages four weeks to ten years. A current immunization record will be needed at the first visit when the parent will be asked to fill out the Personal Data Card. Each time the child comes, the center will need a phone number where the parent can be reached. Space is limited and reservations open on Monday for the following week. There are no walk-ins accepted.

Cribs are not always available for daytime care and should be reserved. Please inform the center at the time of reservation if a nap will be needed. If a feeding is required for small children, bring baby food in unopened jars. Jars and bottles should be labeled. Crafts are provided for older children. Those two years and older may play outside. Quiet time is observed for all children from 1 to 2 pm. No children should be dropped off or picked up at this time.

Snacks and meals are offered and should be arranged at the time of reservation. Lunch and dinner are \$.75 each. Snacks are available three times a day at \$.25 each. The hourly rate for child care is determined by the number of children in the family and is as follows: one child \$1.40, two \$1.75, three \$1.95, four \$2.05. Child care is available the following hours.

Mon.-Thurs.: 7:45 am-5:30 pm,
6-9 pm

Friday: 7:45 am-1:30 am

Saturday: 5 pm-1:30 am

Sunday: 8:30 am-12:30 pm

Note the center is open late on weekends. Sunday morning care is provided by the Chapel and the Chaplain's office should be contacted for information. Mrs. Mull, the Child Care Center director, can be reached at the same number for the preschool: 646-2734.

Presidio

Preschool and child care are offered at Bldg. 234 on Infantry Street across from the bowling lanes. All military dependents are eligible. Information for either program may be obtained at 647-5530.

Presidio Preschool prepares the child for kindergarten by teaching motor skills, reading and numbers. Morning sessions are 9-12 with afternoon classes 12:30-3:30. Snacks or meals are included in the regular price. Rank and rate of the sponsor will determine the fee. Children may be transferred to the Child Care Center if reservations have been made.

The Presidio Child Care Center is designed for children ages six weeks to twelve years. Reservations should be made a week ahead. Cribs are limited and earlier reservations are suggested. The center is open the following hours: Monday 6:45 am-5:30 pm, Tuesday-Friday 7 am-5:30 pm. The center is closed Saturday and Sunday.

Fort Ord

A seven building complex at 9th and 3rd houses the full time Child Development Center and Preschool at Fort Ord. Open Monday through Friday for children six weeks to twelve years old, the center is for all military dependents.

The Child Development Center is open 6 am-6 pm for full time child care. Drop-in service is available 7:30 am-5:30 pm with reservations. Snacks and meals are included. A sliding scale is based on the sponsor's rank and rate. Drop-ins are set at an hourly rate while full time participants pay monthly. Reservations can be made by calling 242-2934. There is a \$10 registration fee.

The Fort Ord Preschool is for children ages three to five. Hours are 9-11:45 am and children may attend one to five times a week. Different activities are scheduled each day and include: movement, music, cooking, science, and language. Cost is determined by the sponsor's rank and rate. Contact 242-4842 for more information.

Where Do We Find A Babysitter?

La Mesa Babysitting Co-op

Welcome to all newcomers to Monterey and La Mesa Housing!

After all our boxes were unpacked and the curtains hung, our family was anxious to get out and see the sights on the Monterey Peninsula. Many places are wonderful as family outings. But what about those times when you and your husband need a sitter for a military function or just want a night out without the kids? You can solve that by calling the La Mesa Babysitting Co-Op.

The Babysitting Co-Op is an organization made up of mothers in La Mesa Housing who want good, responsible babysitters and want to save money at

the same time. The only cost involved is a one-time membership fee of one dollar. Members earn and spend points rather than money.

The Co-Op has been in existence in La Mesa Housing for over ten years. At present, there are 120 members divided into two groups. A secretary acquires sittings for the group members upon request; or members are free to prearrange sittings with other members in their group themselves. The Co-Op can accommodate day sittings for lunch with a friend, a trip to the commissary or shopping without the kids. The Co-Op is also an excellent choice for those

times when you'd like to have a care-free evening with your husband. You can go out with the confidence that your children are safe in the care of another "Mom."

The Co-Op is not a professional babysitting service, therefore not a good choice for working mothers seeking full-time child care. However, if you are willing to give of your time and get two-fold, the La Mesa Babysitting Co-Op is just what you've been looking for. If you would like information on how to become a part of our group, contact the La Mesa Babysitting Co-Op chairman, Patti Harvey (375-4603).

Three Schools Serve La Mesa

by Kathy Willson

Going to a new school can be the hardest part of the move for many children. The staffs of the area school systems are familiar with the special needs and concerns of the military family, and are able to help with the transition. Because it serves the Marina, Seaside, Fort Ord and Monterey areas, the Monterey Peninsula Unified School District has a particularly large number of service children. Providing grades K-12, MPUSD has special classes for mentally retarded, visually handicapped and mentally gifted students. Residents of La Mesa

attend La Mesa Elementary School (LMES), Colton Middle School (CMS), and Monterey High School (MHS).

Registration requirements vary at the different schools. Parents must register the child in person. All new students need a birth certificate and current immunization record. Kindergarten children need a recent physical. The child must be 5 by Dec. 1 to enroll. Shots and physicals may be scheduled at the Health Clinic at the Presidio. Older students should bring previous report cards. Placement tests are given to middle school and high school

students after registration. These tests are only given on certain dates and it would be advised to call prior to registration for information. After results are determined, academic counseling is provided. Parents are encouraged to attend these sessions with their teens.

A surprise to many parents is the high percentage of military children at LMES. About twenty percent of the students come from the civilian community. Because so many of the families are associated with NPS, an effort has been made to match the schedules. There are other holidays, but the cur-

La Mesa School PTA

by Alice Alexander

As a representative of La Mesa School PTA, I would like to take the opportunity to welcome you to this area and to familiarize you with our school. La Mesa Elementary is a public school which is part of the Monterey Peninsula Unified District (MPUSD). It is located within the La Mesa housing area and serves a student population of about 600 students from kindergarten to fifth grade. Children from nearby communities as well as residents of La Mesa attend our school. We are also fortunate to have several students from foreign countries whose parents are graduate students at NPS.

La Mesa School and MPUSD offer numerous special programs and services to our children. The following is a brief description of some of these:

Our library program offers students the opportunity to visit the library on a regular basis as a class. Our librarian, Mrs. Avila, instructs the children in library skills appropriate to their grade level and the students are encouraged to check out books. Mrs. Avila also encourages reading by her unique contests and arranging visits with popular local authors.

The math/science magnet program begins its third year at La Mesa Elementary. Fourth and fifth graders have the opportunity to study an extended math/science curriculum with continued emphasis on reading and language arts. It is open to 54 students from within the La Mesa attendance area and 54 students from outside the La Mesa attendance area. The coordinator of this program, Mrs. Lind, has included comprehensive and exciting programs of skill and investigative experiences for the magnet program students.

The Gifted and Talented program (GATE) is available to qualified students in grades 3, 4, and 5. It stresses enrichment activities for academically talented students. Those who qualify attend classes one full day per week at another school. Bus transportation is provided. Several course options are offered to the students each term.

Our reading specialist, Mrs. Long, has a number of programs available. Included are: 1) supplementing the reading instruction in kindergarten and grade one with an emphasis on prevention of reading difficulties, 2) providing supplemental specialized diagnostic services and prescriptive instruction to small groups or individuals in need of remedial instruction, 3) testing and placement of new students in appropriate reading levels, 4) SCORE decoding program, staffed by parent volunteers to assist students in associating printed letters and words with speech sounds.

A student-written newspaper is published each month. Student reporters meet and discuss what they would like to include in the paper and assignments are then determined. The reporters have interviewed faculty members, reviewed books and reported local news. The PTA supports the paper and underwrites the cost of the printing.

Our Student Council will be planning an ambitious calendar of events. In the past, they have sponsored a "Mixed-up Day" where students dressed up as mixed-up as possible. Other events included a pet show, a Fifties Day, a sports day, and a talent show. Representatives are elected in each third,

fourth, and fifth grade classroom. They meet once a month with the Student Council advisor and report back to their classrooms and to the K-2 classes on upcoming events.

The Block Parent program is a volunteer program sanctioned by the Monterey Police Department. Block Parents provide a safe place for children to go in case of injury or emergency. Volunteers are cleared by the police department prior to receiving the sign to display in their home window. Volunteers are always needed; information can be obtained at the school office.

Another new program is the School Improvement Program (SIP). This group consists of staff and parents who meet to discuss ways of better improving our school. The school has received funds totaling approximately \$54,000 to be used for enhancing our children's education. A parent survey went out last year asking for parental input on improvements for La Mesa School. Some of these ideas are being incorporated into the school program this year.

Other services available include a school psychologist and school nurse who are present at La Mesa one day each week. There is also a speech and language therapist, a resource specialist, special music and science teachers, an art teacher, and an instructor for instrumental music to interested students in grades 4 and 5. Further information on any of these can be obtained from the office and the school handbook.

To enroll your child at La Mesa, bring their vaccination record and most recent report card, if applicable, to the school office. If entering kindergarten or school for the first time, a birth certificate is needed. Physicals may also be required. Forms for these are avail-

Get those favorite prize-winning recipes for chili and cheesecake ready because on Oct. 25th the La Mesa Elementary School is sponsoring their annual **Fall Carnival**. Volunteers are needed for numerous committees, booths, and ticket sales. In addition to the famous chili and cheesecake contests, there will also be the famous Country Store. We are looking for donations to be sold in the Store such as crafts, jams, jellies, baked goods, pre-

serves or any other items you design or create.

Local artisans or crafty moms and dads are also welcome to sell their wares on a consignment basis. Twenty percent of the cost of each item sold will go toward the school's benefit. If you would like to donate crafts or sell on a consignment basis, please call the La Mesa School secretary at 649-1872 for more details.

able in the school office. Children may purchase hot lunches for \$.85 or bring their own. Lunch includes milk. Milk is also sold individually for \$.25.

Soon after arrival here, you will most likely hear neighborhood talk of a child being an "early bird" or a "late bird." La Mesa has a staggered reading program offering students and teachers smaller reading classes. In grades 1-3, an "early bird" attends school from 8:05 am-1:05 pm and "late birds" attend from 9:15 am-2:15 pm. Kindergartners attend school from 8:05-11:25 am and 9:05 am-1:05 pm. All fourth and fifth grade students attend from 8:05 am-2:15 pm.

Parental assistance in the classroom is always an urgent need. Parents are needed to help with reading and math classes, library work, assisting the reading specialist and various types of paperwork. If you can give even an hour a week, please contact your child's teacher, the principal, or myself.

I invite all of you to our PTA meetings. The executive board meets in the library the first Thursday of each month at 2:30 pm. General meetings are the second Thursday of each month at 7 pm in the multi-use room. After a brief business meeting, various classes put on a short program for us. Coffee and refreshments follow each program.

Our PTA is an active group dedicated to improving and enhancing our children's educational opportunities. Membership fees provide us with the money to purchase much needed classroom materials, to pay for special shows and guest speakers for the students, help fund class field trips and to underwrite the cost of the school newspaper.

Please mark your calendar now for the second Thursday evening of each month. I think you will find it an hour well spent as we all work together to make a positive contribution to our school and to our children's education and future!

Picnic Grounds

The Picnic Grounds are open from 7 a.m. to dusk daily and are located inside the NPS Golf Course Grounds about 400 yards past the Pro Shop. The picnic area must be reserved in advance and arrangements can be made at the Gymnasium, Monday through Friday. There is a fee of \$30.00/60.00 for use of the picnic area to help defray the cost of maintenance and upkeep. Rules for the use of the picnic area will be explained to the person reserving the grounds. Maximum capacity - 200 persons. Facilities are limited to active duty and retired military personnel. Picnics to include civilian personnel must be sponsored by military personnel attached to NPS and/or tenant commands.

Radio Station (MARS)

The NPS Amateur Radio Station WR6AEZ is located in Bldg. 264. The station is open for members' use on a 24-hour-a-day basis. Facilities include radiotelephone and radiotelegraph capabilities on all high frequency (160-10M) bands and limited VHF facilities, including radio teletype operation. Additionally, the club operates and maintains a 2-meter and VHF FM repeater system which covers the Monterey Bay area. For additional information call 646-2466.

Recreation Information for the Monterey Peninsula

Available to our visitors and interested personnel is information on motels, dining, interesting side trips, golf and tennis, and sightseeing and recreation on the Monterey Peninsula. Local publications are also available in the Recreation Office. Drop by the Recreation Office and we will be happy to supply you with available information to help you enjoy your stay on the Monterey Peninsula.

Sailing

The school owns four Shields class sloops which are 30' open cockpit yachts, designed as a scaled-down version of the 12-meter yacht used for

America's Cup Competition. In order to obtain use of the boats, one must first obtain a qualification as a cruising skipper. The school also owns 22' Santanes and two 22' Columbias. Basic sailing classes are available to become qualified to use these boats. The NPS Sailing Association has regularly scheduled training and also maintains an active racing program. Details are available at the Recreation Office or call 646-2466. Voyage tickets are on sale at the office and must be purchased in advance.

Sauna Room

A Sauna room is located in Bldg. 210, Swimming Pool. The hours of operation are the same as the swimming pool and admittance is governed as outlined for the pool. Another sauna is located in the gym, Bldg. 239 and its hours of operation coincide with the gym.

Softball Field

There is a softball field situated to the south of Del Monte Lake. Its use must be scheduled through the Recreation Office at 646-2466. There is also a field located at the NPS Picnic Grounds within the Golf Course grounds and must also be reserved by calling the gym at 646-3118.

Swimming Pool

The swimming pool, Bldg. 210, is open May through September/October. Hours of operation are as follows: Tuesday through Friday 11 a.m.-1 p.m., lap swimming for students, staff and faculty only, Tuesday through Friday 1-6 p.m., open swim; Saturday and Sunday 10 a.m.-6 p.m. Season passes are on sale at the Recreation Office. For more information call 646-2275.

Tennis Courts

There are 12 courts of championship quality, two of which are located below the swimming pool, two forward of Herrmann Hall, six in La Mesa Village, and two beside FNOC at the Annex. Courts are to be used for their intended purpose only. Tennis lessons available through the Recreation Office. Reservations are required for use of the courts on NPS campus and must be made in person.

Vacation and Entertainment Information

Folders, maps of various camping areas, motels and entertainment facilities in California are available through the Recreation Office. Discount cards are available for various attractions such as Disneyland, Marine World Africa USA, Great America, Knott's Berry Farm, Santa Cruz Beach and Boardwalk, Sea World, and many more. Information on discounts offered by motels, hunting, fishing and camping in the area, and much more is available at the Recreation Office. For further information, stop by the Recreation Office and pick up some brochures or call 646-2466.

Flying

Available to all active duty and retired military personnel and their dependents are the facilities of the Monterey Navy Flying Club. Civilian employees of the Department of Defense are also eligible. The MNFC is one of 50 clubs in the Navy Flying Club Program which exists to meet the need for low-cost, safe, light aircraft operations for military personnel, their families and other authorized members. The Monterey club operates from the Monterey Airport and has single and multi-engine aircraft available for its members. Many are equipped for instrument flying. Instruction for all phases of flying is available and beginners are especially welcome. Federal aviation regulations allow an otherwise qualified person to "solo" at age 16, and earn a license to carry passengers at age 17. For membership application or additional information, including how to visit us at the airport, call the Club Manager at 372-7033.

Soccer

Every year the La Mesa Junior Soccer League invites children to participate in soccer during the months September-March. The league is open to children in kindergarten through 9th grade. Sign ups occur in September following a parent meeting held at La Mesa elementary school. More information may be obtained by contacting the Recreation Office at 646-2466.

Where Shall We Put All This Stuff?

by Caryn Mears

*Stumped as to where to put extra sofas, tables or baby items?
Personal Property Office has the solution . . .*

It's happened. You have accepted military housing. You've made the choice between the lesser of two evils, the corner lot with lots of yard and lots of traffic or the "high-rise" condo with no yard and no privacy. Your choice is tolerable until your household goods arrive. Mentally you had positioned each item of furniture in its own little spot from your housing floor plan. But when the movers start bringing it in, you discover your imagination and your memory were shorter and smaller than your present belongings.

Where do you put that extra sofa? In which room should we stick an extra pair of end tables? Now what do you do with your formal dining room set and a full hutch? Without the garage, you have nowhere to store that unused crib, high chair and swing. Well have no fear, NPS does provide a solution to the cramped quarters they provide.

The Personal Property Office provides storage space at military expense to house those excess belongings. An incoming family has 30 days

after delivery of their household goods to decide what needs to be stored. Any household-type goods, clothing, furniture, professional books or even extra appliances — like your refrigerator or a gas dryer — may be stored. Items not accepted for storage would include those items normally stored outside, such as lawn mowers, bicycles, or any flammable materials. Empty containers, such as stereo or T.V. boxes should not be stored, as you will not have access to those items prior to your move.

Application for storage is made to the Personal Property Office located in the East Wing of Herrmann Hall. The Personal Property Office will assign a moving company to make the pickup. The moving company is authorized only to pack boxes, not to unpack old boxes for repacking, so having everything well organized will help. Make sure that all boxes are clearly marked and that you have an accurate inventory of their contents. They also request that you have like items placed

together, i.e. children's clothing and toys, or maternity clothes, should you want to obtain a particular item during your stay at NPS.

Should you realize that you need things out of storage, you may make application through the Personal Property Office, where determination will be made as to the validity of your request. In my personal circumstances, I contacted the office, requested our entire shipment, which consisted of the maternity clothes, baby clothes, crib and necessary baby items as well as all of our stereo equipment. A pregnancy is automatically considered a valid reason to obtain items out of storage. However, the Personal Property Office discourages the indiscriminate use of the storage containers and will charge a fee for opening the container for what they feel is not a good reason. Consequently, you must be sure that you absolutely do not wish to use those items while you are here. Don't store your skis and winter clothes and then plan a ski trip up north and figure you can get everything out of storage. It just may be a very expensive trip paying for the storage container to be opened. The government rate for opening a container is approximately \$22 per hour; however, going directly to the storage company is far more expensive.

The storage problem has worked out quite well for the Mears family and many others at NPS. If you find yourself crowded with a lot of belongings and very little space, contact the Personal Property Office at 646-2151 and ask for assistance. It's worked for us.

GIRL SCOUTS

Girl Scouting in 1986 is as exciting as it was when begun in 1912 by Juliette Golden Low (more affectionately known as "Daisy"). Today, Girl Scouting helps girls prepare for their future by helping them understand themselves, others, and the world around them.

Weekly troop meetings and activities vary with each individual troop and age level.

- Daisy - Kindergarten
- Brownies - 1-3 Grade
- Juniors - 4 & 5 Grade
- Cadets - 6-8 Grade
- Seniors - High School

These troop meetings may be held indoors or out-of-doors. The girls may do a community service project, visit a convalescent home, go on trips, go hiking, go camping, work on special interests, or just have fun with another troop. For girls, the troop activities give them a sense of community and belonging.

Girl Scouting here in La Mesa is unique because of the rich experiences and personalities the military families bring. This is enhanced by the large international community in the area. Thus, the girls are able to share experiences, ideas and interests from different cultures at their troop meetings.

Girl Scouting would become an "endangered species" without adult volunteers. Our greatest need at the present are these volunteers. If you or your daughter would like to become a part of the special Girl Scouting community, contact the Girl Scout Council office (372-8048).

SCOUTING

CUB SCOUT PACK 84

Cub Scouting is a family affair in La Mesa! Pack 84, sponsored by the La Mesa Elementary School P.T.A., is open for membership to boys who are 7 (or have completed the first grade), 8, 9, or 10 years of age. We have a year-round active program with the emphasis on fun and progress through advancement.

Due to the transitional nature of our Pack, we strive to maintain an adult/boy ratio of at least one adult leader for every four boys. Our enthusiastic committee often exceeds that ration! We need both fathers and mothers to serve at all levels.

Should you and your son wish to join Cub Scouts, please contact Membership Chairman Kathy Austin at 373-6390 or Den Leader Coach Chris Connell at 372-2773.

BOY SCOUT TROOP 84

Boy Scout Troop 84, Monterey, CA provides a well-rounded scouting program for boys between the ages of 11 and 18. Based in the La Mesa housing area, it serves the sons of NPS Students and Staff. The Troop meets weekly on Monday nights from 6:30 to 8 P.M. at the La Mesa Elementary School. The Troop's active outdoor program includes monthly camping

trips, hikes and a week-long summer camp in a Redwood forest near the Big Sur river.

But, according to the *Boy Scout Handbook*, "... Scouting is far more than fun in the outdoors, hiking, and camping. Scouting is a way of life. Scouting is growing into responsible manhood, learning to be of service to others." If you or your son would like to join the 27 boys in Troop 84, contact Scoutmaster Tom Halwachs at 649-8914 or Committee Chairman John Connell at 372-2773.

BOY SCOUT TROOP 178

Troop 178, Boy Scouts of America, has been providing the Scouting experience to the boys of La Mesa Village and the surrounding area for twenty years. Troop leadership is provided by the Senior Scouts of the troop, with guidance from the adult leaders. Senior Scouts include 2 Eagles, 2 Life Scouts and 4 Star Scouts, all of whom are permanent party. The patrol method of leadership is stressed. Troop 178 is a basic Scouting skills, camping and backpacking troop. Emphasis is on the Scout oath, Scout law and personal responsibility. Adult guidance is provided by Committee Chairman Fred Shapley (394-9318), Scoutmaster Ed Kelleher (373-3973), (both permanent residents of the Peninsula) and other committee members, who are drawn from the NPS and surrounding communities. The troop meets each Wednesday at 7 p.m., usually at the multi-use room at La Mesa School, and camps eleven months of the year.

The Monterey Navy Flying Club

parking lot around for power 1500-1600 by T.R. Baron *23/hr. 10/hr.* *2 mos. 5-6 mos.*

The Monterey Navy Flying Club is a Navy sponsored organization which exists to provide rental aircraft and instruction to members at costs well below those which exist in the civilian market. Officially formed in 1963, the club has grown to a current membership of 285 and operates an impressive stable of aircraft ranging from single engine trainers to light twins. The club office is located on the north side of the Monterey Airport, with the flight line adjacent to the club's maintenance facilities. Capt. Tom Woolcock (USN Ret.), manages the club and can be reached daily at 372-7033. Managing 285 members along with 18 aircraft requires Tom to be fast on his feet, but you can still catch him in the office from 9 am to 5 pm.

In addition to the broad range of aircraft available at the club, there are approximately ten flight instructors available who work on a part-time basis. Instructors and pilots make their own arrangements regarding scheduling in order to accommodate the complexities of NPS class requirements. Instruction is available to accommodate the first flight beginner, through solo and the private pilot license, and continuing through the commercial, flight instructor and airline transport pilot licenses. Instruction for ratings such as the instrument and multi-engine qualifications is popular and extremely cost effective when compared with civilian rates. Regardless of the type of training, club rental costs run approximately *one half* of those which are typical for the civilian sector.

For those already familiar with civilian aircraft, the club operates several

Cessna 152 and 172 models, a Cessna Cardinal RG, and a Cessna 182 RG. This last aircraft is equipped with a turbo-charged 235 horsepower engine, autopilot, on-board oxygen for all four occupants, and must be rated as one of the nicest flying cross country machines. The Cessna 182 RG was made for serious traveling, and one trip over Mt. Whitney in the High Sierra Nevada mountain range will breathtakingly prove the point! For those who prefer Pipers, the club operates a four-seat Piper Warrior, a six-seat Piper Cherokee Six, and a four-seat, twin engine Aztec. The other twin is a Beechcraft 95 Travel Air. By far the most demanded aircraft for pure fun flying are the three Beechcraft T-34's, which sometimes run from sun-up to sun-down stopping only long enough for refueling in-between flights. These former Navy trainers have plenty of power, and handle very nicely which, however, is only part of their big draw. Their tandem seating arrangement in a cockpit surrounded by sliding glass canopies provides a fun way to view

and photograph the exquisite Monterey coastline and bay scenery. For some pilots, these aircraft have the magical ability to transform, once airborne, to World War Two P-51 fighters! Although the next hour may be spent in the skies over Salinas, it may just as well be Europe in the fall of 1943. Incidentally, these "fighter aces" always return from their "missions" to resume life as postgraduate students, so families shouldn't be concerned that dad may run off to join Pappy Boyington in the Pacific. I must mention, however, that there have been a number of wives who have decided to run off and learn how to fly, after a particularly exhilarating first ride. If you have ever thought about flying, this tour and this flying club may be one of the best chances you'll ever get to realize a dream.

The Navy Flying Club is a well managed place of opportunity for those interested in some recreational aviation during their tour here at NPS. High quality and instrument capable aircraft are readily available for local flights or

weekend cross country trips. Many family outings take advantage of the sightseeing and educational opportunities available throughout California. Lake Tahoe is a favorite destination, and approximately a one hour flight away. Some prefer panning for gold in the old town and state historic park of Columbia. Here, on the western slope of the Sierra Nevada range, is a restored gold rush town of the old west. From town, you can take a two-mile stagecoach ride, find a good meal and some friendly service, and perhaps stay the night in a hotel room completely restored to its 1850's opulence. All this is within a pleasant walking distance from the small Columbia airport. Columbia is also an hour flight away, although it would take a good five to six hours to drive the distance.

If you decide you may like to join the Flying Club, just give Tom a call. Come out and enjoy some good flying and meet some nice people along the way. And maybe do something you never thought you could do, like solo an airplane. Or perhaps leave Monterey with two graduate degrees, one of them in flying!

client, take data and give information, in addition to answering the phone and routine office work.

Interviewer. In the most professional casework context, the interviewer helps the client explore, find resources, and present possible alternative solutions.

Thrift Shop. Recycling clothing and household goods has long been a popular Navy Relief program. You may stock, sort, price, and sell. Good retail management experience is not a must but will help.

Layette. That bundle from Heaven can be a budget-breaker. You can assemble, sew, knit, or crochet baby clothes for those who

need them.

Hospitality Locker. Remember those first few weeks before your furniture arrived without a bed, sheets, blankets and kitchen items? The Navy Relief Hospitality Locker maintains some of these items on hand to help NPS students and staff. Keeping records, maintaining custody of these items and opening the locker when needed is what you can expect.

There are many places where you are needed, as we reach out to acknowledge and assist the human problems of our time. Stop by and see us sometime and we hope to see a lot of you in November.

The Navy Relief Society

by Debbie Hurley

The Navy Relief Society is an organization whose origin and basic purpose are reflected in the significant words "Navy," "Marine Corps" and "Relief." "Navy" and "Marine Corps" define the group of persons (Naval Service personnel and their dependents) who maintain the Society and for whose benefit it exists. "Relief" – air in times of need – establishes the nature of the assistance provided and the general scope of operations.

Navy and Marine Corps personnel and their families share a common experience and are bound by ties of service, common interest and association. Normally they are self-reliant, self-supporting and capable of handling their own affairs. But due to the conditions of service life, they are even more subject to mischance than their civilian counterparts and, on these occasions, must seek a helping hand. That's where we may be of help to you.

Navy Relief will be having its annual training course November 12-14. If you would like to learn more about Navy Relief or if you would like to just get out of the house for a while, the Navy Relief course is for you. Navy Relief is always in need of volunteers. The course will be given by Mrs. Margaret Kirkland from the Alameda office. If you have children who are not in school, Navy Relief will reimburse you for your child care costs during the course. And if you decide to become a volunteer, the training course will give you information on all the things Navy Relief does to help their own. If you would like to sign up for the course, just call the Navy Relief Office on Monday, Wednesday or Friday, between 10 am and 1 pm at 373-7665. If you wish us to set up for child care at the NPS Child Care Center, let us know by Nov. 1.

If you wish to volunteer, here are a few of the positions and responsibilities:

Receptionist. The first to meet the

client, take data and give information, in addition to answering the phone and routine office work.

Interviewer. In the most professional casework context, the interviewer helps the client explore, find resources, and present possible alternative solutions.

Thrift Shop. Recycling clothing and household goods has long been a popular Navy Relief program. You may stock, sort, price, and sell. Good retail management experience is not a must but will help.

Layette. That bundle from Heaven can be a budget-breaker. You can assemble, sew, knit, or crochet baby clothes for those who

The Navy Relief Hospitality Locker maintains some of these items on hand to help NPS students and staff. Keeping records, maintaining custody of these items and opening the locker when needed is what you can expect.

Welcome to the Naval Postgraduate School. Here you will find challenge, opportunity and beauty. You will also find a chapel program that is filled with vitality, excitement and activity. Many who visit our chapel comment that it is composed of some of the warmest and friendliest people that they have met. There is a place in the chapel for all: singles, children and married adults.

Sunday Worship is at 9 am or 11 am. The evening service is at 6 pm and has various themes and formats. Sunday School for children and adults meets at 9 am. A full music program, consisting of adult, junior and pre-school choirs, supports the chapel worship services on a regular basis. Senior high and junior high youth groups meet each Sunday evening at homes in La Mesa housing.

A prayer breakfast meets every Wednesday at 6:45 am in the El Prado Room of Herrmann Hall. Bible studies are sponsored by the chapel, Officers Christian Fellowship, Women of La Mesa, Campus Crusade for Christ and International Christian Fellowship. These Bible studies meet primarily on a weekly basis in participants' homes.

As you can see, the chapel program has breadth and variety. There is an outlet for participation and service in filling the spiritual needs of every Christian. You are invited to get involved with your classmates in a chapel program that has relevance for everyone in the community. Come and find the spot where you can contribute your talents and have your spiritual needs fulfilled.

The Military Family Life Weekend

Are you and your spouse prepared for the difficult times associated with separation during military deployments? Is moving from one side of the world to the other and from coast to coast every few years a time of strain and anguish for your family? The Military Family Life Weekend is an opportunity for couples to focus on these and other issues related to marriage and the military family. Sponsored by the Military Ministry of Campus Crusade for Christ and the NPS Chapel, the Weekend offers you and your spouse a time to put aside the details of day to day military life and concentrate on enriching your marriage and family. The Weekend will be held at the convenient location of the Monterey Conference Center, One Portola Plaza, from 1900-2130 on Friday, 10 October and from 0900-1630 on Saturday and Sunday, 11 and 12 October. Childcare for children up to age 12 will be provided.

David Sunde and his wife, Sande, will be the speakers. They will present seminars on such aspects of the marital relationship as romance and passion in marriage and communication in marriage. They have been teaching and leading Christian ministry for over 20 years and have been featured at national and international conferences on marriage and the family. David is the founder of the Family Ministry of Campus Crusade For Christ and more recently of Marketplace ministries.

Curt and Shirl Brannan will speak about the military family at the conference. They will specifically address dealing with deployments. The material they presented last year has been incorporated into the deployments of some units at Ft. Ord. Curt and Shirl lead the Ojai Valley Community Church as senior pastor and women's program director respectively. Curt

was a Navy enlisted man for seven years and served another 13 years as a Navy chaplain.

This is the third year that the Military Family Life Weekend has been held in Monterey.

Registration for the conference is as follows:

Registration per couple: \$60

For couples E-5 and below: \$40

(Both of these rates are reduced \$10 if the registrations are postmarked before 30 September 1986)

Alumni registration: \$25

Couples who desire to make the Weekend a special getaway retreat

may take advantage of the Getaway Option. This option consists of staying at selected local motels which are offering reduced rates for the Weekend. Couples desiring this option should contact Don Stewart (372-6472) as soon as possible so that arrangements can be made.

More details about the conference may be obtained by contacting the individuals listed below:

Registration and the Getaway Option: Don and Kim Stewart, 372-6472, or Dave and Michael Cook, 394-5442.

Childcare: Barry and Elizabeth Bruner, 649-5096.

Welcome to the Catholic Chapel

by Father Mel Hary

On behalf of the Catholic Community at the Naval Postgraduate School, may I extend warmest personal greetings to all readers of *Classmate*. All students, faculty, staff members and their families are invited to participate in the Catholic Chapel.

Our Chapel is located next to the NEX Bookstore. The office of the Catholic Chaplain is in Herrmann Hall, Room 172-A, telephone 646-2242.

In my first few days here, I was impressed by the bronze plaque at the front entrance to the chapel. It reads,

in part, "... built by the personal labors and efforts of the members of the Catholic community at NPS ..."

Knowing somewhat the intricacies of such a project, i.e. taking an unusual building, renovating it for acceptable use as a meeting place, and then decorating it appropriately for a place of worship, through the system and with volunteers - I stood in silent admiration. "These people did this by themselves," I thought. "This parish built its own Chapel!"

That was in 1963, and the same initiative, pride and group strength carries on today. As a newcomer in 1986, you will experience a unique Catholic parish with a warm tradition. Parishioners enjoy being involved and, better yet, welcoming and including others.

The Catholic Chapel will soon be welcoming a new Catholic chaplain, Fr. Leo Brogan, CDR, CHC, USN, who will arrive in October. Fr. Brogan comes from a marine tour at Camp Pendleton. Prior to that, he served at NETC, Newport at San Miguel, Philippines; the Amphib Base in Coronado; on the USS Holland; and with the Seabees in Gulfport. He has done postgraduate studies and has degrees in Secondary Education and Theology. Ordained for the diocese of Phoenix in 1967, Fr. Brogan spent 5 years in parish work and education before entering the Navy chaplaincy in 1973. He will assume the pastorate of the Catholic Chapel on the last Sunday in September at the parish picnic.

There are many activities in our parish. It is amazingly innovative and open to new ideas. It took a lot of drive and enthusiasm in 1963 to provide our own Chapel. That same spirit goes on today. Come and join us.

La Mesa Ladies Bible Studies

by Linda Johnston

Have you noticed on Thursday mornings an increase in activity around La Mesa? All of those ladies you see dashing about in vehicles or on foot are on their way to a wonderful time of fellowship, refreshment, Bible study and prayer time. They are attending the La Mesa Ladies Bible Studies.

A variety of topics will be offered during this coming fall quarter ranging from motherhood, coping skills, and marriage strengthening to book studies from the Bible. All of our studies have a biblical foundation.

Our studies are held on Thursday mornings in various La Mesa homes from 9:45-11:45 am. Every lady in the NPS community is welcome, regardless if you are a first timer to Bible studies or one who has studied the Bible extensively. There is a study just right for everyone who participates. Leaders make an effort to meet you where your need is.

The studies are interdenominational with the express purpose of encouraging those who participate in their spiritual growth and commitment through Bible study. We have a unique opportunity here with the Ladies Bible Studies to develop close friends, to fellowship with a "neat" group of ladies, and more importantly, to grow in our daily walk with the Lord Jesus Christ.

The kick-off brunch for the fall quarter will be Thursday, 18 September at the Officers Club, 9:45 am. Please make your reservations by Tuesday, 16 September. Call Beth Lind at 373-4470 for reservations and any additional information.

Child care is available not only for the brunch but for each study week as well. Excellent care is provided for all ages in La Mesa homes. Please join us!

Of course, if you miss the brunch, still call for information to begin studying with us and embark on an experience you will never regret! Hope to see you this quarter!

Christmas Craft Bazaar

Christmas is just around the corner . . .

. . . which means that the annual OSWC sponsored Christmas Craft Bazaar is also on its way. On November 8, 1986, the Bazaar will be held in the Barbara McNitt Ballroom from 10 am-3 pm. This will give those of you with special creative talents a chance to sell your wares and make some extra holiday money. It will give everyone a chance to find some unique hand-crafted items – AND to get that Christmas shopping done early.

Whether you plan to sell or browse, set aside November 8th for a day of holiday cheer at NPS.

Navy Birthday Ball To Be Held October 18, 1986

The time is drawing near for another celebration of the Navy's birthday. This year the United States Navy celebrates 211 years of service to our nation. Naval Postgraduate School Superintendent Rear Admiral Austin announced that the Navy Birthday Ball will be held on Saturday, October 18, 1986, in the Barbara McNitt Ballroom of Herrmann Hall.

This year's theme, "211 Years - A Proud Tradition," is being organized and coordinated by various members of Command, Staff and Student Wives. All Naval Postgraduate School military officer students, the staff and spouses or guests are eligible to attend. The dress for the evening will be Dinner Dress White Jacket or equivalent uniform for other services, comparable

formal attire for civilian guests and long formal dresses for the ladies.

No host cocktails and hors d'oeuvres will begin this delightful evening at 1800 in the Quarterdeck area of Herrmann Hall. Following seating in the ballroom and the traditional ceremonies, Prime Rib of Beef will be piped aboard by the bagpipers. You will then be treated to a delectable dinner of salad, prime rib, au gratin potato, green beans almondine, rolls, wine, coffee, tea, and birthday cake for dessert.

Tickets will be sold at the SMC area on a first-come, first-served basis on Wednesday, September 17th and Thursday, September 18th from 900 until 1400 on both days. A special flyer will come out one week prior to ticket sales with actual cost. A maximum of

two tickets may be purchased by each person. Group seating will be available upon request. There will be a maximum of eight persons per table. No reservations will be taken prior to ticket sales. Refunds will not be given.

The San Francisco Navy Band will provide entertainment for your listening and dancing pleasure until midnight. Mr. Leon Prager will be on hand throughout the evening if you wish to capture the evening in souvenir photographs. The package will cost \$12.50 and includes 2-8 x 10's, 2-5 x 7's and 8 wallet-size portraits. Payment will be due prior to taking of the photos.

Let's make this Navy Birthday Ball one to remember. Make plans now to attend and enjoy a delightful evening with classmates and friends.

Marine Corps Ball

The 211th Anniversary of the founding of the United States Marine Corps will be celebrated with a formal ball on Saturday, November 15, in the Barbara McNitt Ballroom at the Postgraduate School. Dinner will be a Beef Baron and Baked Chicken buffet with all of the trimmings. Champagne and a beautiful engraved memento will be included in the price of a ticket, along with the traditional birthday cake ceremony and live entertainment. Also, a photographer will be available for formal portraits. Reserve, retired, and former Marines and friends of the Corps are invited to join Marines of the Postgraduate School in the celebration. Further information may be obtained from the upcoming November issue of *The Classmate* or by contacting the office of the Marine Corps representative at 646-2401 or 646-3386.

25th Annual Naval and Maritime Photo Contest

The Government Systems Division of the Eastman Kodak Company has joined the U.S. Naval Institute as a sponsor of the Institute's annual Naval and Maritime Photo Contest.

Because of Kodak's co-sponsorship, the Institute will be awarding more cash prizes than ever before. First prize will be \$500, second prize will be \$350, and third prize will be

\$250. Fifteen honorable mentions will be selected and awarded \$100 each.

Photo entries are due on December 31, 1986. All photos must pertain to a naval or maritime subject.

Winning photos are published each year in *Proceedings*, the monthly naval professional magazine of the U.S. Naval Institute.

The official entry rules for the contest are as follows:

1. Each photograph must pertain to a naval or maritime subject. (The photo is not limited to the calendar year of the contest.)

2. Limit: five entries per person.

3. Entries must be either black and white prints, color prints, or color transparencies.

4. Minimum print size is 5" x 7".

5. Minimum transparency size is 35 mm. (No glass mounted transparencies, please.)

6. Full captions and the photographer's name and address must be printed or typed on a separate sheet of paper and attached to the back of each print, or printed on the transparency mount. (No staples, please.)

7. Entries must arrive at the U.S. Naval Institute no later than December 31, 1986.

8. Anyone is eligible to enter.

Photographs not awarded prizes could be purchased by the Naval Institute. Those photos not purchased will be returned to the owner if accompanied by a stamped self-addressed envelope.

For additional information or a list of contest rules contact: Membership Department, U.S. Naval Institute, Annapolis, MD 21402, or call, 1-800-233-USNI.

The United States Naval Institute, located in Annapolis, MD, is the professional society for the sea services, and is an independent, self-supporting, non-profit organization. The Naval Institute is not a part of the U.S. government.

We Wish

Don't laugh! Cats need a little something special for themselves at Christmas time too, you know.

Every year, we humans have our Christmas parties and Christmas balls where we get all "duded up" so that we can celebrate the wonder of the season . . . OR . . . just simply show off our good looks.

But what about the faithful feline members of our family? Where do they get to celebrate or show off?

Ah . . . thought you'd never ask! Get your pencils out and mark these dates down on your calendars: on Dec. 13 and 14, the East of Eden Cat Club will present their December cat show entitled: "We wish you a meowey Christmas."

Don't have a pedigreed cat, you say? Not to worry! This year we'd like to have an extra special Household Pet Division so that our military families, who own those wonderful "Humane Society Specials" may participate with their entire families in showing them off.

The Household Pet section is always special at our shows. We who breed and show pedigree cats will *always* "take off our hats and humbly bow" before those who have opened their hearts and given a home to any unwanted kitten or starving and abandoned adult cat. You're special in our hearts and so are your cats.

"Photo Contest," continued

USNI advances knowledge about the naval and maritime services through the publication of a monthly magazine, *Proceedings*, the annual *Naval Review*, and more than 280 books. In addition, the USNI has recently begun a series of seminars of interest to naval professionals and others in the wide audience of the Institute's membership, which includes more than 90,000 individuals from all walks of military and civilian life throughout the world.

Eagle's Eye Art Gallery

by Sharon Crocetti

September means back to school. And the beginning of any month means a new show at Eagle's Eye Art Gallery.

What is Eagle's Eye Art Gallery? It is a small co-op gallery of wives of active duty and retired officers in this area who pursue their love of painting while learning how to operate a gallery. The benefits to you are a selection of fine artwork at low prices and an opportunity (if you are an artist) to apply to be a member yourself.

Each month one artist displays a greater number than usual of her paintings on one wall and is designated artist of the month. September features the gentle watercolors of Mitsu Bartron. Shirley Barcus is spotlighted in October. Shirley, wife of Chaplain Barcus, paints scenes in oil of both the east and west coast.

Gallery hours are 11:30-3 pm, Monday through Friday. Phone 372-3565. Stop in and see all the latest paintings – and if you are a painter yourself, ask for an application for membership while there are still a few openings.

Two Openings On The Classmate Staff

Do you want a challenge? A chance to develop new interests and meet new people? *The Classmate* has the perfect opportunity. Two positions are now open on *The Classmate* staff.

Editor-in-Chief – Responsible for the entire publication of *The Classmate*. The Editor directs a volunteer staff and is responsible for four monthly issues and one double issue of the magazine. *The Classmate* staff meets two nights a month. Some experience in production or editing of newsletters or other publications is suggested, but not needed. This is a perfect position for someone who enjoys working with other people.

Advertising Director: This position is open to either one or two persons and is a paid position. The Director(s) will work under contract for the Printer and is responsible for all advertising sales. What a great way to make contacts in to cover our more ample parts with similar strings – think, "size two, one quarter yard of material for a \$200 dress, two million percent markup." Phooey on those of us who are thinking "something stylish and comfortable with a little extra room in the midriff."

Hundreds of thousands of people who might be out of work have become productive citizens thanks to all of those Nautilus machines needing oiling and adjustment.

Likewise, legions of people have found their fortunes stitching leotards with so little material the postage stamp fashions won't fit the people who need to exercise most.

I am firmly of the belief, though not firmly of the flesh, that if we weren't so thoroughly spooked into thin-think we might very well eat what tastes good until we were full and exercise when we were tired of sitting. The gross national product would get really gross if every woman in the country didn't have a closet bulging even as our behinds with . . . the size we wore last month . . . the size we wear now . . . the size we will surely squeeze into if we eat nothing but cauliflower for the rest of our lives . . . the size . . .

warmers? This has to be a real coup on both the fashion and fitness fronts. Dozens and dozens of people are flocking to aerobics dance classes, assured by the knowledge that with warm calves even tricky arabesques will be a piece of cake (chocolate, about a thousand calories per crumb).

I can't for the life of me figure out why farmers are in a financial fix when obviously 99 percent of the female population over the age of 13 is living on lettuce.

International Message

by Manolya Gunes (from TURKEY)

Two months have passed without any articles from the International Committee of NPS. I think it's time to be with you again. I am Gina Mardas from Greece. My husband, Costas, and I are the new Co-Chairs in the Publicity Committee. I'll be with you for almost a year. During this time I will try to inform you of the activities of the International Committee.

I believe it would be a very good idea at this time to introduce the Executive Board of the International Committee, so you will know a few things about us, not only a name and a country.

Let's start the introductions with the **International Co-Chairmen.**

Maria and Roberto Ventura are from Colombia. Roberto was born in Cali, Colombia, in September 1953. He joined the Colombian Naval Academy in 1971 and graduated as an Ensign in 1975. In 1979, he was promoted to LTJG and after two years went to the Naval Academy to get his B.S. in Electrical Engineering. He was promoted to Lieutenant in 1983. He has been working on his M.S. in Electrical Engineering since last November. He has been married to Maria Costanza Torres, from Cartagena, Colombia since 1978. Maria has given birth to two children: Maria Isabel, seven years old, and Roberto Enrique, two years old. The family likes traveling, living in different places and having many friends.

American Co-Chairmen: Sharon Marie and Rigoberto Saez are originally from Puerto Rico. Riqui attended school in Annapolis, MD where, upon graduation from the Naval Academy in 1980, he was Commissioned in the U.S. Navy as Surface Warfare Officer. He is currently working in the Electronic Engineering Curriculum and graduates in March 1987. Sharon cur-

rently teaches in Castroville and hopes to obtain her Masters of Education degree in August. They have a son, Riquito, who is three years old whom they enjoy very much. They sponsor an international couple from Colombia and an officer from Peru.

Secretary: Ellen Mitchell is on the staff of the DLI where she "teaches teachers how to teach and test foreign languages." She received her B.A. and M.A. degrees at the University of Washington and also earned a diploma at Leningrad State University. Before coming to DLI, Ellen taught Russian at the University of Washington, Reed College and the CIA Language School. She is single, a USAF "brat" and the sponsor of an NPS international family from Ecuador.

Children's Committee: Miledy and Victor Phonte are from Venezuela. Victor is from Caracas, the capital city, and Miledy is from Puerto Cabello. The main Naval base is there. They have two children: Victor Jr., three and a half years old, who was born in Genova (Italy) and Ricardo, two years old, who was born in Valencia (Spain). Victor is a LCDR and is following the Weapons Engineering Curriculum. He'll graduate in June 1988. They live in an apartment in Puerto Cabello near beaches and they used to go snorkeling on weekends.

Cooking Class Committee: Donna Irving is from Canada. Her husband, Rob, completes his degree in Anti-Submarine Warfare in September 1987. They have three children: Lisa, seven years old; Sean, five years old; and Ryan, three years old. They moved to Monterey last June from Ottawa. They enjoy camping, canoeing, skiing and traveling.

Cultural Committee: Ahmet Corapcioglu is from Bahkesir, a mid-size city in west Turkey. He is a LTJG in the Turkish Navy. He is following the Telecommunications Systems Management (620) Curriculum. Hopefully, he'll graduate in March 1987.

Diplomatic Dialogue

by Sunny Evans

An Interview with Germany's Capt. Rainer Seth

Captain Rainer Seth with his wife, Angela, and sons, Andy and Shawn.

Representing the Federal Republic of Germany at NPS is Army Captain Rainer Seth who is a student in the Operations Research curriculum. Captain Seth and his family arrived in Monterey in March 1985, and expect to be here until September 1987. Members of Captain Seth's family include his wife, Angela, and two sons, Andy (age 16) and Shawn (age 13). The Seths are living in a home in Carmel which they enjoy as they find the area similar to Europe.

Where is your home in Germany?

My father was in the armed forces too, so we moved quite a lot. I was born in the very northern part of Germany, in Kiel at the Baltic Sea. I was brought up in the very southern part of Germany, in Lindau at the Lake of Constance. Before we came here, we lived in the very western part of the country between Cologne and the Belgium border. So, it is hard to say exactly where

my home is, but I consider home where my house is and that is in the western part of Germany in the town of Langerwehe.

Please describe some of the scenic areas of Germany.

Germany as a whole is a beautiful country, and you find something for every taste there. If you start out in the northern part with the North Sea and the Baltic Sea, this is a beautiful area. As you go farther down, and to the middle, we have the heather areas south of Hamburg, and then the landscape goes into the hilly ranges along the River Rhine with the beautiful wine regions, old castles and German history. Traveling further down, you reach the Alps. You see the mountain lakes and the snow mountains. My favorite area is the southern part, Bavaria, especially the Lake of Constance. You can go swimming, sailing, and skiing there.

What was your previous military experience prior to attending NPS?

I joined the Army in 1970, attended Basic Officers' Training and was commissioned in 1972. From there, I went to study electrical engineering and received my masters degree in 1975. After that, I worked as a shop officer in a maintenance unit and then as Company Commander of a maintenance and training unit until 1979. From 1979 to last year, I was an instructor for computer technology at the German Army Maintenance School.

Because West German citizens have the right to refuse military service, do you have problems supplying your armed forces with enough people?

We have the draft system as you know, and by having the draft system, all young men 18 years of age and older are drafted unless they have a good reason not to serve in the military, which might be family, personal or health reasons. We had times in the late 60's and early 70's with people refusing service, but right now there does not appear to be a problem. We might have problems in the late 80's or early 90's because of low birth rates. They are thinking of reducing the amount of soldiers or letting women join the Army, which is not so today.

In your opinion, how does the German public feel towards the American military presence in Germany?

That's kind of a difficult question. One thing is that the American presence reminds the German people of World War II because that was the time when the Americans got there. We still have problems coping with those years although the generation that really experienced the war is the old generation, and they are dying away. So, our

generation does not have this deep relationship to the war. As far as I am concerned, I do not have a guilt complex as some people might have who were active in those years. I think the American soldiers are pretty much accepted as our allies and our shield against the socialistic world. I think the relationship is pretty good. From my own experience, I can say that our maintenance battalion had a partnership with American maintenance battalions, and it was quite a nice time we spent together. We shared field exercises as well as social events with each other. It is quite natural for Germans to see Americans in uniform.

What is the present situation for the citizens of East and West Berlin as far as freedom to travel back and forth?

You touched the wound point of German history. If a West German wants to go to the east, he has to apply for a visa to get there and pay a certain amount of money, kind of an entrance fee, and this is a daily fee. The other way around, it is nearly impossible for an East German to go to the west. The members of the Communist party in good standing are allowed to go but not with their family, so they always have people back home just in case they think of defecting. For retirees who receive pensions, the East German government is not so restrictive.

What measures have been taken in recent years by your government to discourage the activities of political extremist groups?

We have a democracy in Germany and as long as those people are in accord with our Constitution, they are allowed to act politically. We have extremists to the left and to the right. One party which was extreme to the right was forbidden. They are working on doing something with the leftists now, but it is not that easy because state governments vary from conservative to social democratic.

What are some of your likes and dislikes about American life?

I like the way people get acquainted and the way they help each other without knowing each other very well. So, you are never alone wherever you go because you find somebody who talks to you, or somebody for you to talk to. You feel welcome even when you go into a grocery store. People smile at you and tell you to come back. That's not the way in Germany. You get service here that you don't get in Germany. You don't have baggers and people to push your cart to your car. You have to do it all yourself, and if you don't move fast enough, you hear about it.

What I dislike is that everything is centered around money. This is my feeling anyway. The more money you have, the more you are appreciated, and the less money you have, you are appreciated accordingly.

Do you have a favorite pastime?

I have a new favorite here. Last year, I received my private pilot's license. I am very glad I was able to find time between classes and the homework to take the instructions and to work for that test. Now I can enjoy this area even more because I can see it from a different perspective. Other than that, I have a pastime called a computer which is over there in my study.

Have you any comments on the significant number of German-made automobiles in the local area?

Well, yes, you do find a lot of Mercedes and BMW's. You also see a lot of Rolls Royces. It is a distinguished neighborhood and we are glad to live here, but we are driving two American-made cars.

Does Germany import many automobiles?

Yes, they import a lot of Japanese cars, and they also import cars from Russia, Czechoslovakia, France, Britain, Sweden, and a very few from the U.S.

How are the Russian cars?

Rough. They are not very comfortable, but they are good driving machines, if you are just looking for a machine.

Do you see any hope in the future for the reunification of Germany?

No, I don't think so. Since the war, 41 years have passed, and we have developed two totally different systems socially, economically, and the people are taught to be biased towards their own type of government. There is such a large gap between our two countries now, that I do not see how we could reunite at present time. But still, in the preamble of our Constitution, it is said that the ultimate goal of the German nation is to be reunited in peace.

Sponsor Program

A sponsor is an ambassador of good will. Entering a new and different culture is seldom easy and you can help an International Naval Postgraduate School student adjust to Monterey by being a special friend. This decision will give you the personal experience of being an American diplomat. The International student that you sponsor will see the United States and "Americans" through your eyes. These impressions are the ones they will take home.

Sponsoring an International Officer student does not involve any financial obligation and is a friendship experience available to all members of the community.

Many social activities are made available to International students and their sponsors, providing an opportunity for you to get to know each other better. Some of our activities are quarterly dances, quarterly shopping trips to San Francisco, picnics, the Salinas Rodeo, river raft trips, and many other free events and trips.

If you are interested in hosting an International Officer student please fill in the information below and return this form to the Naval Postgraduate School, Code 0305, Monterey, Ca 93940. Or if you are a student at NPS you may return it to INGERSOLL 364D.

NAVY BLEU

Cooking With Kids!

by Jan Formisano

O.K., Moms, it's time for you to relinquish your role and let the kids have a turn in the kitchen. Tie an apron around their little waists and turn them loose! There is nothing that a child likes better than to be able to say, "I made this myself!" Some of these recipes need guidance from an adult, depending on the age of the child. Use your own judgement to determine if they need your assistance or not.

Terrific Fruit Yogurt Pops

You need:

- 1 6 oz. can frozen orange juice or grape juice
- 1 6 oz. can water
- 1 cup yogurt (any flavor)
- Cut-up fresh fruit (berries, bananas, peaches)

You do:

1. Whirl all of the ingredients including the fruit in your blender and pour into small paper cups.
2. Freeze until partly frozen, then insert wooden sticks for handles.
3. When firm, peel off cups and enjoy!

Stuffed Apple

Core, then stuff opening with **peanut butter** mixed with **raisins**, **wheat germ** or **granola**. Slice in half and wrap in plastic, or store in a sandwich bag.

Banana Surprises!

You need:

- 2 bananas
- 3 Tbsp. honey
- 3 Tbsp. chopped nuts
- Toothpicks
- Aluminum foil

You do:

1. Cut the bananas into thick slices.
2. Dip them into honey and then into the nuts. Place the chunks on a foil-covered cookie sheet and leave in refrigerator for an hour or so.
3. Keep in plastic bags in the freezer until ready to eat.
4. Poke a toothpick into each one and nibble away.

Banana Bobs

Peel **4 bananas**, cut into 4 pieces. Insert wooden ice cream stick into each piece and place on baking sheet. Freeze until firm, about 2 hours.

In top of double boiler, over boiling water, melt 2 Tbsp. shortening and **¾ cup semi-sweet chocolate pieces**, stirring occasionally. Dip bananas into mixture, spreading over pieces; roll in **finely chopped nuts**.

Place on waxed paper covered baking sheet; freeze until firm. When firm, wrap each in aluminum foil, return to freezer. Remove from freezer 15 minutes before ready to serve. Yield: 16 banana bobs.

Animal Sandwiches

- ⅓ cup peanut butter
- ¼ cup cream cheese, softened
- 2 Tbsp. honey
- Bread

Place peanut butter, cream cheese and honey in mixing bowl. Stir until well blended. Trim crusts from bread. Cut into animal shapes using cookie cutters. Spread peanut butter mixture on half the bread animals. Top with matching bread animal. May be covered with Saran Wrap and refrigerated until ready to serve.

Ice Cream Waffelos

- 1 pkg. frozen waffles
- Ice cream

Toast waffles in toaster. Put small scoops of ice cream on top of one waffle and cover it with another waffle. makes a super dessert.

Yummy Candy Treats

You need:

- 1 cup honey
- 1 cup peanut butter
- 2 cups powdered milk
- 1 cup raisins
- ½ cup sunflower seeds

You do:

Mix together all of the ingredients and form into small balls. Refrigerate.

5 Cup Salad

- 1 cup mandarin oranges, drained
- 1 cup pineapple tidbits, drained
- 1 cup coconut
- 1 cup mini marshmallows
- 1 cup sour cream

Combine all ingredients in bowl. Chill to serve.

Banana Orange Frosty

- ½ cup orange juice
- ½ cup milk
- 1 banana, cut up
- 1 pint orange sherbet

Mix orange juice, milk, banana and half of the sherbet in blender on high speed until smooth. Pour into tall glasses; top each with a scoop of remaining sherbet.

Cherry Cheese Delight

- 1 3 oz. pkg. cream cheese, softened
- 1 pint sour cream
- 1 can cherry pie filling

Combine cream cheese and sour cream. Place layers of cream cheese mixture and cherry pie filling in sherbet glasses. Refrigerate for at least an hour. Yield: 6-8 servings.

Banana Surprises!

You need:

2 bananas
3 Tbsp. honey
3 Tbsp. chopped nuts
Toothpicks
Aluminum foil

You do:

1. Cut the bananas into thick slices.

Opening of Fireplace: 28½" high x 42½" wide.

Finished size of fire board: 29" high x 45" wide.

Equipment

Saw
Drill and ⅛" bit
Sander/Sandpaper
Screwdriver
Pencil
Paint or Stain & Varnish

Materials

- 4 1" x 8" x 4' pine or fir boards, cut into 45" lengths.
- True dimensions: $\frac{3}{4}$ " x $7\frac{1}{4}$ " x 45"
- 2 26" 1" x 4" board
- 16 #10 $1\frac{1}{4}$ " screws
- 4 #10 $1\frac{1}{2}$ " screws
- 2 3" angle brackets
- 2 wooden shelving brackets approx. 6" (optional, see below)
- 1 decorative handle
- Carpenter's glue
- Wood putty (optional)

diagram 1

diagram 2

diagram 3

How to Choose Your Materials

You will need 4 45" lengths of 1 x 8 pine or fir. (1 x 8's are normally sold in multiples of 4 foot lengths and will require cutting to 45".) Pick out wood that has been well-aged or cured to prevent future warping or sap bleeding. Ensure your boards are as flat as possible with straight edges and a surface that can be filled. (If knots are on the edges they may fall out. Small knots in the center of a board can be filled and sanded.) Many of the local lumber yards will assist you in choosing your boards and may cut them for you at no extra charge. You will also need 2 long 1 x 4's to be used as main supports and 2 wooden brackets which may be found with shelving materials. (The scraps left from cutting the main

boards can be cut into bracket shapes instead of buying decorative brackets.)

Construction

Lay your 1 x 8 boards with best sides face down on the floor (as indicated in Diagram #1). Place the 1 x 4 strips (supports) on top of the 1 x 8's as illustrated. Trace the outline of the strips onto the boards. Using Diagram #2 as a guide, mark and drill holes through the supports and part way through the 1 x 8's. Attach the supports to the board marked "A" by gluing in the outline and screwing using the $1\frac{1}{4}$ " screws. Wipe off any excess glue with a damp rag. Place a thin bead of glue along the top edge of A and in the support outlines on Board B. Slide Board B against A and align and attach using $1\frac{1}{4}$ " screws. Wipe off any excess glue. Repeat for

Boards C and D.

Mark placement of angle and shelving brackets. Drill holes where screws will be placed. (Metal brackets will go on the side with supports and wooden brackets will go on the front, see Diagram #3). Do not attach the bracket at this time to facilitate finishing.

Finishing

Your fire board can be finished several different ways. It can be stained and varnished or painted and decorated. All methods of finishing should begin by filling holes with wood putty, sanding all surfaces and removing any dust. Stain or paint your fire board to suit your taste. Attach the metal and wooden brackets and handle. Then cover up the "big dark hole" with a homemade Colonial "reproduction."

Wednesday Morning Officers' Wives Bowling League

If you are interested in a fun morning out where you get a little exercise and play a great sport, then bowling is a terrific option for you! We have a lovely league comprised of the officers' wives in the area. Many of these girls are first time bowlers, so don't let yourself be talked out of the sport just because you may not feel that you can compete with the pros. This is not just a group of student wives, we have staff wives and international wives as well.

For those of you that have children, there is a babysitting service spon-

sored by our league at the lanes that can be used without an appointment. The cost of bowling is \$6 a week and we have cash prizes at the end of the season. Each season runs in sync with the Postgraduate School's schedule so when the guys are off, so are we. The bowling center used by our league is Lincoln Lanes. These lanes are located five minutes from La Mesa on Fremont St. If you would like to join our fun group next quarter, please call Bonnie Hoffman (646-8754) and I would be delighted to sign you up!

Loving A Sailor

Loving a sailor is not all they say,
and loving him has a high price to pay.

It's loving with nothing to hold,
it's being young, but feeling old.

It's having him whisper his love to you,
it's whispering back you love him too!

Watching him leave with eyes full of tears,
standing alone with hopes, dreams and fears.

It's sending a letter with the stamp upside down,
to a far away love in a far away town.

It's going to church to fast, to pray,
that he'll return to you *someday*!

Days go by with no mail, perhaps nothing to tell,
no word of love or that he is well.

Then a letter arrives and you're given new joy,
you're like a child with a tiny new toy.

With fingers trembling and heart beating fast,
you tear open his letter as if it's the last.

Yes! He is well and misses you so.
It's filled with the love you wanted to know!

Weeks turn into months and months into years,
You're waiting for the day there'll be no more tears.

Loving a sailor is not much fun,
but it's well worth the price when the battle is won.

Remember he's thinking of you everyday,
he too is sad, lonely, and far, far away.

So you miss him and love him and try to be braver,
and always be proud of LOVING YOUR SAILOR.

A Dream Come True

by Mike Browne

The opportunity to adopt a baby was a dream come true for my wife, Lisa, and I. The idea of adoption appealed to Lisa long before she ever met me, and we began to discuss the possibility shortly after we were engaged to be married. After the birth of our first daughter, we wanted to begin an adoption process, but it was too difficult while I was going to sea. We resigned ourselves to wait until shore duty and we found what we were looking for through Children's Services Center of Monterey County.

Children's Services Center (CSC) was established in June 1984 as a community benefit, non-profit organi-

zation serving children and families of Monterey County. According to the Executive Director, Carol Biddle, the Center was created in a typically American way, by the special process called volunteerism. The Center is responsible to, and operates by benefit of, California State licenses to provide services to children. However, it is unique that this program belongs to the Monterey communities by virtue of its creation and governing by a local community board.

The staff is small: Carol Bishop and Gail Ward are the two principle social workers (as well as Carol Biddle when she has the time), but the services pro-

vided are excellent. There is no mistaking the prevalent feeling in the office: The needs of the children come first. The better we got to know the staff, the more confident we became in their expertise and their desire to do the right thing for each child. Additionally, their dedication and enthusiasm make them a very pleasant group of people to work with.

The adoption process can be long and tiresome, but the help of the social workers made things seem almost routine. First, there was an information meeting held at the Center to answer the basic questions about the reality of adoption. Then, after completing a questionnaire to inform the Center about the kind of child desired, the interested couple completes a registration form, writes an autobiography, and encloses a family picture to keep on file. The third step is the application, including interviews with a social worker and more forms to complete.

Half of the adoption fee is due at the time of application. Fees are determined on a individual basis according to the agency's sliding scale. The balance of the adoption fee is due at the time the child is placed in your home.

The fourth step of the adoption process is the Family Study. Group meetings with other prospective adoptive parents, individual meetings with your social worker, and a home visit are the methods used to allow the parents and the social worker the opportunity to get to know one another. The family also prepares a scrapbook at this stage to be used as a presentation to a birth parent or perhaps another agency. Finally, when the Family Study has been completed, the Center will look for the child to meet your requests. Placement of the child in your home occurs after you accept the child that has been offered to you.

I think she knows that Catherine Lee is here to stay.

At times, the process seemed long and the wait was almost unbearable, but it was worth every bit of effort. With the continued support of individuals in the local communities, Children's Services Center continues to grow, developing excellent programs and providing valuable services. Thanks to their help, Catherine Lee has become a part of our family and we are just delighted!

Couples or individuals interested in adoption, making a tax deductible donation or volunteering your time or talents can contact Children's Services Center at 484 Lighthouse Ave. in Monterey. Phone 649-3033.

There are many different types of programs and services offered by CSC. Possibilities include: adoption domestically or internationally; foster parenting with or without an ensuing adoption; adoption of special needs children, older children or minority children; adoption of abused or neglected children, and many others. Informational meetings give the interested couples the insight to all of these possibilities. Additionally, CSC provides counseling programs, educational workshops, support group services, and fund-raising efforts.

Lisa and I adopted internationally because the process is very fast from application to placement. We wanted to have a child in our home for a long period of time in order to facilitate the adjustments of the child and parents alike before I am sent back to sea. Upon receiving Lee Jin Hee's biography, we immediately accepted her, and then spent the longest nine weeks of our lives waiting for her to arrive from Korea. Our three year old daughter, Ann Marie, would ask us several times a day for the first days, "Is this the baby we've been praying for?" Now

Conjure Up Some Magic

by Lisa and Mike Browne

Halloween is just around the corner, so it's time to start planning now to make the holiday an extra special one for your favorite little ghosts and goblins at home. In their little eyes, you'll make the day perfect by having something fun to eat, serving something fun to drink and preparing a craft for them to get their little mischievous hands into. So, conjure up the magic with popcorn balls, witch's brew, Halloween Julep, and spooky ghosts and bats to fly around your house.

Take note that all of the recipes can be increased by half or doubled to feed a larger crowd, and the possibilities with the ghost and bat patterns are almost endless! Try black and white felt for the bats and ghosts, respectively, using a double thickness stuffed with batting, and then use felt or plastic

eyes purchased from a fabric store to complete the design. Hang the finished creatures from the ceiling, or enlarge the pattern for a wall decoration. Draw the design on paper to let the kids color their own placemats, or use the pattern to cut dough for sugar cookies and garnish with candy nose and eyes.

For a few household decorations, black and orange crepe paper streamers are highly recommended. If you have access to butcher paper, consider covering your table to let the kids draw their own notions of the scariest jack-o-lantern or the most wicked witch. Finally, a hollowed-out pumpkin large enough to hold a punch bowl of witch's brew adds a perfectly haunting finishing touch to your decorations.

Happy Halloween, and stay away from the black cats!

Popcorn Balls

- 3 qts. freshly popped popcorn, salted**
- 1 c. molasses**
- 1 c. light corn syrup**
- 4 tsp. vinegar**
- 3 Tbsp. butter or margarine**

Spread popcorn evenly in a lightly greased 15 x 10 x 1 inch jellyroll pan, set aside.

Combine molasses, corn syrup, and vinegar in a medium saucepan; cook over low heat, stirring occasionally, until mixture reaches soft crack stage (270 degrees). Remove from heat, stir in butter.

Pour syrup over popcorn, stir until all popcorn is coated. Let mixture cool slightly, shape into 2½ inch balls. Wrap individually in black and orange cellophane or store in airtight containers. Yield: 2 dozen.

Witch's Brew

- 3 qts. sweet apple cider**
- 3 (2 inch) cinnamon sticks**
- 10 whole cloves**

Combine all ingredients in large saucepan, bring to a boil. Reduce heat, and simmer 10 minutes. Strain mixture, discarding spices; pour into cups. Serve hot. Yield: 3 quarts.

Halloween Julep

- 1 (6 oz.) can frozen orange juice concentrate**
- 1 c. water**
- 1 c. milk**
- ½ c. sugar**
- 1 tsp. vanilla extract**
- 12 ice cubes, crushed**

Combine all ingredients in container of electric blender; process until mixture is smooth and thick. Yield: 1 quart (This recipe makes 6 servings.)

A Different Kind of Volunteer Work

by Debbie Kren

There are so many special people in the world. People that care and feel for other people. Are you one of them? If so, you might want to consider becoming a Rape Crisis Advocate.

- Experts estimate 1 in every 3 women in the U.S. will be sexually assaulted sometime in her life.

- Experts estimate 1 in every 7 men in the U.S. will be sexually assaulted sometime in his life.

- The Monterey Peninsula reports twice the national average of per capita rape incidence.

- The aftershock of rape can be devastating.

Depression, guilt, shame, inability to trust or love, sexual dysfunction, divorce, and suicide are natural reactions after a rape.

The main function of the Monterey Rape Crisis Center (MRCC) is maintaining a 24-hour, seven-day-a-week crisis line. After attending the proper training and having decided to become an Advocate you will be expected to take four 12-hour shifts a month. The shifts run from 6 am to 6 pm or from 6 pm to 6 am. Men and women are welcome.

An Advocate on call may work out

of their home. If a call comes into the hotline, the answering service will call your home, and transfer the call. If you plan on being away from home during a shift, you may sign out a pager from the office. Upon leaving your home it would be your responsibility to call the answering service and let them know you are on the pager. If a call comes in while on the pager, you would get to a phone, call the answering service, and the call would be transferred.

At this point it might sound like a full time job. However, the majority of shifts pass without a single crisis call. Often

calls come in that are just requests for information. Infrequently though, a shift may involve two and possibly even three crisis calls.

An Advocate's main concern is the welfare of the victim. As an Advocate, you are there to give them possible options without any judgements on your part. Accompaniment includes going to the hospital, police station or through court proceedings with the victim. You are there as long as the victim needs your help.

If after the training you feel you are not right for Crisis Line work you may participate in other necessary functions of the Rape Crisis Center such as, our Education/Prevention Program, fund raising or community speaking.

Volunteers are not just "cheap help."

The giving of your time to help others is not a responsibility which should be taken lightly. While volunteering is largely for the purpose of helping others, there are advantages for the volunteers which are often overlooked. The learning experiences and knowledge gained through the training and personal contacts can often be applied to your personal life, your job or schooling.

If you are interested in becoming an Advocate, the training sessions are approximately every four months and take 40 hours of Sexual Assault and Crisis Intervention. You may call MRCC at 373-3955 between 8:30 am-5 pm, Monday through Friday.

We need your help. Please come and join our organization.
